Distance from Colombia to each target market

Lower score = closer market · Higher score = more barriers to overcome

	Cultural	Administrative	Geographic	Economic	TOTAL
United States	2	2	2	1	7 *Low*
Spain	1	2	3	2	8 *Low*
Brazil	2	4	1	3	10 *Medium*
Turkey	3	4	4	3	14 *Med-High*
China	5	5	5	3	18 *Very High*

Scale · distance score per dimension

1 · Very close — 2 — 3 — 4 — 5 · Very far

KEY INSIGHT

Spain and the U.S. show the LOWEST distance — yet both have been past failure cases.

Low CAGE distance does NOT mean easy entry. The issue was always execution, not market fit.

China is an outlier across all four dimensions — which is precisely why it requires its own dedicated playbook (Cluster C · digital-first).

- C · Digital-first & home base

KEY INSIGHT

Five markets, five deliberate positions — not a single formula.

The U.S. is the exception: higher equity signals 'skin in the game' after the 2022 Florida setback.
